Robbie Adkins : Making A Home For Faeries: Instructions and patterns for crafting Faerie Houses for inside and outside your home. before purchasing it in order to gage whether or not it would be worth my time, and all praised Making A Home For Faeries: Instructions and patterns for crafting Faerie Houses for inside and outside your home.:

0 of 0 people found the following review helpful. I enjoyed the bookBy CustomerI enjoyed the book. It got me excited and I made a Faerie house for my Grandsons for Christmas.The illustrations and instructions were great and very clear.0 of 0 people found the following review helpful. What fun! Bought for my mom and my granddaughterBy CustomerWhat fun! Bought for my mom and my granddaughter. Both are enjoying it equally as much:) Very simple

and easy to use. Also happy that most of the items I already have! 1 of 1 people found the following review helpful. This book is amazingly simple and easy to follow and endeavors to make your home a ...By CustomerI have just received my book and am industiously following directions to create the faerie houses around my house. I thought, at first I would save this for my grandchildren....but no one believes in Faeries more than I do as I have actually seen them and been scooted OUT of their garden a few times while wandering to close to theirs up in the Sierras. And no, they've moved, but thanks for asking. Humans have NOT been kind....so they do keep a few ogres around for their own safety! This book is amazingly simple and easy to follow and endeavors to make your home a place of infinite possibilities ~ !

This book is a story about an adventure that began with a simple observation, and grew into a collection of creations. Robbies first Faerie House began when she noticed how well the orchids prospered in her kitchen window. After she created and hung her first Orchid Faerie House in that window, she noticed that the orchids grew TOWARDS the little house. She read all she could about what Faeries would like, and started using all sorts of natural materials to create the houses in this book. She photographed the houses as she created them, thinking that others would enjoy making them as much as she did ... hence Making a Home for Faeries ideas, directions and plans for adult crafters, including one project you can do with children. Her experience as an educator enabled her to write clear and thorough instructions to guide you through making your own Faerie Houses!

About the AuthorRobbie Adkins received a BA in Graphic Communication from San Diego State, and began a very successful career as an artist and graphic designer, winning awards as a product designer, magazine art director, and director of corporate communications. She created Voice of the Soul, a kit with message cards and a book designed to help people develop their intuitive skills. Working today as a book designer, Robbie loves to garden, cook, and spend time with her loving husband and dogs in Temecula, California.
