From Sterling : Making Books Journals Book Kit before purchasing it in order to gauge whether or not it would be worth my time, and all praised Making Books Journals Book Kit:

Make your own elegant web-stitched journal, sturdy travel diary covered with trendy corrugated paper, and a library-quality edition bound with copper wire -- and then go on to produce many more fabulous book projects. There's a copy of Making Books and Journals and binding needle, bone folder, bookbinding clips, copper wire; high-quality cover stock, page stock, and corrugated stock; and labels for the inside covers of the beautiful personalized volumes.
