I ordered this book, paid \$70 dollars, and instead of a book, I received a pamphlet with 4 recipes. I totally feel like I was ripped off. There is no description that tells exactly what you are receiving and you think you're getting a great deal on the paperback because the hardcover is listed at over \$3,000.0 of 0 people found the following review helpful. Excellent reference for the professional soaper.By CinthiaThis book is for the serious soaper. Once you have mastered, cold process, liquid and milk soaps, give cream a try. Catherine Failor is the best soaper known to man. I was looking to buy a new copy, as I have misplaced mine. This is expensive for a good reason. I now have to go find my copy!
