Stacey Morgan : Making Gifts in Polymer Clay before purchasing it in order to gauge whether or not it would be worth my time, and all praised Making Gifts in Polymer Clay:

2 of 2 people found the following review helpful. Great Inexpensive Gift Ideas By manlius duncan For anyone looking to provide a creative aspect to gift giving, this book is ideal. There are so many useful instructions for sculpting figures as gifts in these pages. My mother-in-law loves to collect figurines and this book will help ensure that she will never be disappointed throughout the holidays. There are seasonal specific projects as well as general gift giving ideas. All projects can be easily completed by the freshest of novices to the most seasoned of veterans. These figures will be loved by both children and adults as decorative additions to any room or decor! Some projects may seem to simple for the experienced sculptor but I'm tellin' ya, you won't be disappointed with the results! 1 of 1 people found the following review helpful. cute By Mary Matejkai havnt made anything yet but wanted to share that the projects look very cute and the steps look simple enough, i hope. i like that it has the projects sorted by season/holiday. plus i think that these

projects gave me ideas/techniques for other cute gifts. directions are simple and most projects are quick enough to make several in one sitting (if desired). i like that i could spend an afternoon and be able to finish more than one 'gift' or project. in a nutshell: cute, fast gifts. not a bad investment

By Customer
Just started working with polymer and this is a great little book. Did the mermaid in a snow globe project for my niece for christmas and it came out wonderful. With more practice and using Stacey Morgan's book the characters bouncing around inside my head will finally come to life.

Delight your friends and family with charming gifts year round! Whether you're a master at crafting with polymer clay or just a beginner, you'll find all the fun you can handle inside--21 adorable projects that perfectly capture the spirit of the seasons. Each one is wonderfully easy to make--even for kids--and simple enough to be completed in a single sitting. You'll find something for every friend and every season, from jolly leprechauns and Easter eggs to spooky witches and Thanksgiving turkeys--even a polar bear on skis! You'll also find guidelines for turning your creations into magnets, buttons and pins. The gifts you make are sure to bring smiles all around--so grab your clay and get started. There are holidays, birthdays and more just around the corner!

About the Author
Stacey Morgan has been sculpting since high school. In 1993 she began to work full-time with polymer clay. In the years since, Stacey has developed her own, unique style, lending each finished piece with an adorable sense of humor and happiness. She lives in Candor, New York.
