Angela Bullock : Making Teddy Bears in Miniature before purchasing it in order to gauge whether or not it would be worth my time, and all praised Making Teddy Bears in Miniature:

0 of 0 people found the following review helpful. I love it By R. Clay Great item, great sale. Very fast delivery. Thank you for this sale, I got it for my sister's birthday, she'll love it too. 6 of 6 people found the following review helpful. Good for starters By A Customer Angela Bullock's book was not up to standard for members of our bear making club. The bear patterns are not well defined and this book, although it explains the basics of bear making, shows miniature, finished articles, that are not particularly well made. The bears in the book look as though they were made by first-time bear makers. Having said all this, it would be a good book for beginners and people not looking for a very professional finish.

Make and dress miniature teddy bears with ease! 17 bear patterns, drawn to scale, step-by-step instructions and detailed diagrams make it easy for a beginner to advanced sewer to create a special little friend. Additional instructions for designing a habitat for your friends, provide creative inspiration. 17 bear patterns. 6 setting patterns. 13 color photos. 96 pages.

About the AuthorAs an experienced secretary Angela Bullock was employed by a variety of businesses before becoming Master's Secretary at a Cambridge College. Following her marriage she studied for the Certificate in Education at Garnett College, University of London and has taught in Kent, Wales and Papua New Guinea. On her return to Derbyshire she became interested in making soft toys and in teaching and demonstrating this subject. Making Teddy Bears in Miniature is Angela's first book. Her son is a computer consultant and her daughter is a member of the performing arts.
