She is going through Chemotherapy and coloring helps pass the time when she is feeling too rotten to do much else. She really likes this one and has produced some really beautiful results.3 of 3 people found the following review helpful. Love this bookBy Robin SmithLove this book. These books are very relaxing. By the time I finish one picture, I'm already searching for the next one to do. I like trying different color combinations, like blues, yellows, and greens, . Or blacking in some spaces, or leaving some white. Fun to practice shading and blending. The fine ones are challenging and I do with fine tip markers or gel pens. Love being creative and these help me forget the stress and anxiety and let me unwind after an exhausting situation. Then I can sleep. :-)7 of 7 people found the following review helpful.
