I've been wanting to draw or paint on my tablet with the stylus but didn't feel I could start with a blank canvas. I hadn't considered a digital coloring book. I get the creative, meditative and tactile benefits, and I can enlarge the image to help my eyes. I'm so happy the designs are in JPG format available for download.

Perfect for what I want to do. I'm getting the collection of books.1 of 1 people found the following review helpful.
