Frankly, it reads like the author was stoned. That may be good for a laugh, but it would be great if someone with a better brain for organizing info re-worked this manuscript.0 of 0 people found the following review helpful. being written is common sense. Language I could understand, and not having to get the old dictionary out continuously. Enjoying the book very much. Thank You, Jorge Cervantes 0 of 0 people found the following review helpful. Two Stars By Andrea Johnson not liked
