These are therapy for my overstressed head (I have twin 5 year olds) and also will turn into fun, inexpensive art on his walls.0 of 0 people found the following review helpful. Five StarsBy Peggy

SouthardLove it. 1 of 1 people found the following review helpful. This was an awesome book that all fans of Spider-Man will love! By Dad of Divas I am a huge Spider-Man fan and this book is perfect for any Spider-Man fanatic. You get 20 great puzzles to complete and then you can actually move to the next level and color the pictures that you have created next. Each of the puzzles take a little bit of time as there are a ton of dots to connect, but you will love the resulting pictures in each one! This was an awesome book that all fans of Spider-Man will love!
