Mary Thomas, Jan Eaton : Mary Thomas's Dictionary of Embroidery Stitches before purchasing it in order to
gauge whether or not it would be worth my time, and all praised Mary Thomas's Dictionary of Embroidery Stitches:

0 of 0 people found the following review helpful. Great Book for someone who has never embroidered for those that
have.By oniontown173I love this book. I've embroidered, but it's impossible to remember all of the stitches this book
does a wonderful job of showing the stitch explaining clearly easily how to do the stitch. There are over 400 stitches
included around 100 are new stitches! One chapter covers pulled fabric stitches, another art form of embroidery. She
teaches you about what kind of fabric/canvas to use as well as what kind of thread/yarn to use. I found myself reading
this book will continue to do so. The Photography is gorgeous. While showing how to do the stitches, there's quite a
few pictures of vintage pieces that are exquisitely shot by the photographer. I wasn't paid for this review if I had been,
I don't believe I would have said one thing different, cause if you love to do needlework, you're short changing
yourself if you don't get this book. You will miss out on a treasure.0 of 0 people found the following review helpful. I
highly recommend this book to anyone just learning or seasonedBy LucyI have two embroidery books that I

absolutely adore and this is one of them! I highly recommend this book to anyone just learning or seasoned. Really a nice book
2 of 2 people found the following review helpful. excellent quality - timely delivery
By Bruce
You've provided me a lifetime of new tricks. Of course, at age 88 that lifetime may not be as long as some but that lifetime is richer for this book. excellent quality - timely delivery.. Thank you!

First published in 1934, Mary Thomas' book has long been a favorite of novice and experienced embroiderers alike. Updated by Jan Eaton, it pictures and describes more than 400 embroidery stitches arranged by usage.

From Library Journal
Originally published in hardcover by Hodder Stoughton in 1989, this is a completely revised full-color edition of Thomas's 1934 classic, *Dictionary of Embroidery Stitches*. A comprehensive dictionary offering more than 400 stitches, this edition includes 100 new stitches, all described and pictured in full-color diagrams. Essential for public libraries and embroidery collections.
