Enjoy this book and as we love to say, Think Big and Go Small! --AMHR - American Miniature Horse Registry A beautiful representation showcasing the variety of Miniature Horse farms from around the world. --AMHA - The American Miniature Horse Association About the Author Christina Zeitelhack was

born in Munich in 1975. Horses have been the central focus of her life for as long as she can remember. She learned to ride almost before she could walk. And in one language or another, she has always communicated with horses, understood them and known them on a level beyond simple comprehension. Her passion has been the Arabian horses. She showed extensively on the Arabian circuit and won several Championships. At the age of 13 she showed her Arabian stallion in halter classes and won every time. It was her own bred straight Egyptian stallion Mohamed by a direct Nazeer daughter, who was imported from Egypt. She was growing up with this beautiful horse on her parents farm and spent most of her time as a child with him. He was her best friend till he died. He was that once-in-a-lifetime gift. He was her riding and show stallion. After his death the breeding of the Arabians ended at the farm. Although her passion for the horses never wavered, she started breeding and showing with American Shetland Ponies followed by Miniature Horses. She visited farms and shows in the US. Today there are 20 Miniature Horses and 10 American Shetlands on her farm. From time to time she imports new horses of both breeds to add new lines to her breeding programmes. Some of us are born with a passion; a knowing in their hearts what they were put on this earth for, some discover their calling in life as a young adult; others still don't discover what gives meaning to their life until later in adulthood.
