William Shakespeare : Miniature Shakespeare Library before purchasing it in order to gage whether or not it would be worth my time, and all praised Miniature Shakespeare Library:

0 of 0 people found the following review helpful. And in good shape. Thank youBy Joseph ClarkNeat. And in good shape. Thank you2 of 2 people found the following review helpful. Miniature Shakespeare Library in a BoxBy JL PilcherThis is just the most adorable little edition of the great Bard's work I have ever seen. It's a facsimile of the 1902ish Oxford edition. The publishers have paid attention to the details. The pages are gold edged and the endpapers are marbled.I received mine as a gift and I am ever-so-pleased with it and it's charming appearance. It's also easier to keep a small Shakespeare book next to my bed than the other copies I have which are, to a play, enormous and not so spiffy as this one.Love it.1 of 1 people found the following review helpful. reference at your fingertipsBy MarieThis boxed set is nifty to have on your nightstand because the volumes are small in overall size. You don't have to worry about your arms getting tired from holding up other giant Shakespeare libraries contained in one giant book. The volumes are all marked with gold titles on the front and on the box so you make a quick reference for school papers etc.
