Five StarsBy claraYes, it met my expectation, thank you0 of 0 people found the following review helpful. in very poor conditionBy Anna Limontone third of this set was missing, 1 book had the wrong story inside and 1 book had pages missing, all in all not worth buying at all.3 of 3 people found the following review helpful. Perfect for little handsBy NYC readerMy 19 month daughter was given these books when she was 9 months old, and (so far) hasn't ripped them up. She loves "reading" these mini books and stacking

them in their drawer box. Even though she's too young to read, I'm happy to introduce her to Beatrix Potter. Plus, these mini books keep her occupied while I'm cooking dinner!
