PerfectBy MLE CHRISTINE PAOLETTIThe book is in perfect condition and was received in the timeframe specified at ordering time.0 of 0 people found the following review helpful. An awesome photo history of minimalist ring designBy Fangirl!This book is, I believe, the only book of its type. I haven't found any other that offers such comprehensive coverage of minimalist ring design. It is a truly needed addition to the collection of books documenting jewelry design history and a fantastic reference book for one's own library, as it captures incredible diversity that you wouldn't think possible in minimalist design. The photos are great--very artful, but also perfectly clear. Each ring is photographed at the ideal angle, allowing you a good view of its features. I particularly

love the index, in which each ring designer is pictured along with photos of the rings they designed. This book would make a great gift for anyone who particularly loves jewelry or admires minimalist design of any kind.

From the PublisherThe following is descriptions of "Minimal Rings" from a few international designers taken from their comments.
