this book is a fascinating look at the creators of a range of beautiful model layouts. By focussing on the men who have built the layouts, it highlights the fact hat no two people approach the hobby from exactly the same angle. The 50 classic layouts are as varied as their owners, ranging from spacious garden railways to super-detailed models in the attic, from solo depictions of the Furness Railway to vast club layouts.Famous names among the modelers include Stanley Norris, Geoffrey Keen, Ronnie Hoare, and George Hinchcliffe. Illustrated throughout with black and white as

well as color photos. 160 pages.
