Marvelous book.By SteamBoyThis book features lots of various models made by Lionel MTH Williams and more since the introduction of Amtrak and the fundimensions/General mills era.0 of 0 people found the following review helpful. Four StarsBy D. Wallacevery nice!!

This brilliant showcase of color looks at the evolution of the toy train industry and its miniature products from 1970 to today. Presented are the O- and G-gauge offerings of Williams, MTH, Weaver, Marx, Railking, Lionel and others. Collectors of these toy trains will delight in the contributions of major industry players as they examine the modern technologies incorporated by the manufacturers and the market trends that dictate their products.
