Some good stuff but expected moreBy BigCatFanI purchased this book because I wanted to make money leis for my friends for their birthdays and wanted ideas for different forms. This book does contain some nice designs, but few that I would use in a money lei, so it wasn't helpful there. Most of these forms were for use on cards. The book might come in handy if and when I decide that I'd like to make my own cards, but that day hasn't come yet.1 of 2 people found the following review helpful.
