More Sensational Knitted Socks book offers a fantastic way to advance your knitting knowledge and skill setBy CustomerMore Sensational Knitted Socks book offers a fantastic way to advance your knitting knowledge and skill set. What I like about her second book is the extended features and detailed information about sock basics, whether toe up, top down, understanding short rows and configuring heels helps knitters understand full construction. This second book also has several stitch patterns which being an intermediate to advanced knitter really appreciate. The book gives you a chance to learn "how to" follow mosaic patterns, charts, and basic patterns creating your own charts eventually. Gret book, fast delivery and packaged well. Thank you.2 of 2 people found the following review helpful. If you bought Sensational Knitted Socks you will need this as well.By D. WilliamsI have been a fan of Charlene Schurch's since I purchased Sensational Knitted Socks and

this book only continues my admiration for her work. I highly recommend all of her books but this is a natural continuance to anyone her has admired her work before. The projects range from basic to advanced and are all lovely. A natural selection to a sock knitter's collection.0 of 0 people found the following review helpful. Knitting socks is my favorite thing to doBy Betty J WilloughbyKnitting socks is my favorite thing to do. The patterns in this book are exceptionally nice and the instructions are very easy to follow. Can't wait to cast on another pair.
