More Wirewrapping, Fantastic Book, Jim McIntosh has done it again!By Beryl HoMr, McIntosh has done another fantastic job with this follow up book to Wire Wrapping, The Basics and Beyond. All new projects and super understandable instructions. The designs allow your creativity to blossom so that you can go "beyond" the basic design and make it your own! My ONLY disappointment is that the book is in black and white. Color would really make the illustrations "PoP".0 of 0 people found the following review helpful. Five StarsBy ibladydragonnice book.. only wish I had looked more closely.. all black and white pics... prefer color..1 of 1 people found the following review helpful. Learned from his first book and am thrilled to say this is just as good.

Artist/Author Jim McIntosh's sequel to his first book "Wirewrapping: The Basics and Beyond". This NEW book adds 14 new wirewrap projects that are perfect for everyone from a novice crafter to a professional jewelry designer. There are over 450 pictures that illustrate each step of the jewelry making process.
