Nick Robinson : My First Origami Book -- Paper Planes: With 24 Sheets of Origami Paper! (Dover Books on Papercraft and Origami) before purchasing it in order to gage whether or not it would be worth my time, and all praised My First Origami Book -- Paper Planes: With 24 Sheets of Origami Paper! (Dover Books on Papercraft and Origami):

This book has everything kids and beginning origami artists need to make sixteen paper plane models that will actually fly! Models include an eagle, hunter, javelin, snub nose, and many others. Perforated for easy removal, the twenty-four pages of origami paper ensure that the aircraft have an authentic look. And simple instructions and diagrams make folding the planes a breeze!
