There are quick, simple patterns and there are large beautiful patterns. It's a must have book if you like to stitch fish, boats, ocean views and shells. It's a book I will work out of for many years to come.0 of 0 people found the following review helpful. Nice varietyBy TamreaderVery nice! Cute designs and I'm looking forward to creating them.0 of 0 people found the following review helpful. Great!By TammyLove it! Exactly as described and just what I needed for my newest cross stitch wedding sampler!

One hundred and twenty five patterns, especially suited for counted cross-stitch and needlepoint, include sailboats,

gulls, birds, anchors, lighthouses, more. Ideal for creating attractive wall hangings, cushion covers, or adding a seafaring touch to sweaters, T-shirts, other apparel. Color coded illustrations. Diagrams.
