Neysa Russo : Needle Felted Tapestries: Make Your Own Woolen Masterpieces before purchasing it in order to gage whether or not it would be worth my time, and all praised Needle Felted Tapestries: Make Your Own Woolen Masterpieces:

0 of 0 people found the following review helpful. Title should say: Needle AND WET Felted TapestriesBy Liss S.Great inspiration here, even though the title is somewhat misleading. Ms. Russo uses a combination of wet felting and needle felting techniques to make her creations. Being new to needle felting, I wanted some instructional books that went beyond the cute critters theme most felting books focus on. This book definitely does that!My problem is that wet felting takes another set of tools and considerably more prep work than simple needle felting does. Ms. Russo describes the process well, and lays out the basic supplies youll need at first, along with more advanced equipment you might want to invest in as you progress. However, at the stage Im at, having just discovered needle felting for myself a

month and a half ago, this is way more hassle than I am going to go through until I have a few more projects under my belt! I do think there are some great projects in here, and definitely ones beginner wet felters could complete, so if the time comes when I'm ready to try wet felting, I'll buy the supplies Ms. Russo recommends and get to it! 6 of 6 people found the following review helpful. Well worth the long wait !! By JJGI pre-ordered this book a year ago tomorrow, it arrived 3 days ago, and it was well worth the wait. I saw some of this artist's pieces at Maryland Sheep and Wool Festival a number of years ago and that memory prompted me to order this book. It has been quite awhile since I have done any needle felting, but this book has inspired me to do some more soon. The author gives complete, clear, and easy to follow instructions with many great photos. She starts with relatively simple projects, gradually working up to more complicated ones, building your confidence to do your own creative designing. I would definitely recommend this book. 1 of 1 people found the following review helpful. I love this book full of exciting ideas and inspiration for ... By KD-DI love this book full of exciting ideas and inspiration for your own designs. There are many felting books out there, but this one will definitely be a keeper.

Bring pictures to life with needle felting From simple mug rugs to Renaissance-style tapestry wall hangings, 16 charming projects lead fiber lovers on a journey to discover the art of needle felting. Felt artist Neysa Russo shares her years of experience with felt and felt design so that you can confidently create your own felted masterpiece. From the Back Cover From simple mug rugs to Renaissance-style tapestry wall hangings, 16 charming projects lead fiber lovers on a journey to discover the art of needle felting. Create a colorful coaster, a handy needle and pin case, and a charming table runner, or crank it up a notch and design a fabulous wall hanging to grace your home. This book will give you the skills and inspiration you have been looking for. How to get started in felting: from tools and materials to techniques and finishing Instructions for both wet felting and needle felting Design techniques for adding color and dimension Instructional photos to illustrate steps Neysa Russo lives in Bradford, Vermont, where she creates handmade felt tapestries, rugs, and home decor items. Inspired by ancient embroideries and antique fabrics, she is fascinated by the rich history of textile design. When my mother taught me to felt, I began a journey that has kept me in raptures. Now I am producing items I never imagined I could create. She markets her own line of kits, exhibits her work in galleries, and teaches the fine art of needle felting. About the Author Neysa Russo combines the techniques of wet felting and needle felting to create museum-quality tapestries of exquisite beauty and charm. Inspired by ancient textiles from around the world and through the ages, her expertise comes to life with her creative design composition and dramatic use of color. She works from her home studio in Bradford, Vermont.
