3 of 3 people found the following review helpful. Another winner! By Dragon Wizard I'm very finicky when it comes to buying books for my creative side. This book is a winner. I own a felting machine, so this book will be a great addition to my library. 0 of 0 people found the following review helpful. Five Stars By J. Taylor This is a really nice needle-felting book with lots of creative ideas. 1 of 1 people found the following review helpful. Four Stars By K. KirschdeBurgos Good techniques; projects didn't thrill me

Machine felting is one of the hottest things in fiber arts, building on the rich history of hand felting. With top sewing manufacturers adding felting accessories to their lines, sewers can look to this new guide to efficiently explain this history of this practice and demonstrate the unique felting techniques which use moisture, pressure and abrasion to bind fibers together. Be inspired by the exciting projects to create felted items for the home, wardrobe and to give as gifts.
