Doris Campbell Preston : Needle-Made Laces and Net Embroideries: Reticella Work, Carrickmacross Lace, Princess Lace and Other Traditional Techniques (Dover Knitting, Crochet, Tatting, Lace)

before purchasing it in order to gauge whether or not it would be worth my time, and all praised *Needle-Made Laces and Net Embroideries: Reticella Work, Carrickmacross Lace, Princess Lace and Other Traditional Techniques* (Dover Knitting, Crochet, Tatting, Lace):

1 of 1 people found the following review helpful. *Needle-Made laces* By HazelI have a friend from Lebanon that does such lovely needle work. She invents her stitches--I am not so creative. This book gives me a large library of stitches to use for many types of needle lace projects. I am very grateful that this book was made available. I wish I had a book for MALON, the tape tablecloth technique made by women in Lebanon. It is absolutely lovely and durable.0 of 0 people found the following review helpful. The perfect book. By MauiGirlThe perfect book...just the basics! As a newbie to needle lace art this is exactly what I was looking for. Paired with some YouTube videos, I'm figuring it out!1 of 1 people found the following review helpful. Amazing By Mhellermanlove this book- I have not tried making anything yet- but it is the reprint of an older book and seems to be more accurate, specially in the historical description -- than any of the ones I picked up that are contemporary. Small book, nothing to loose, very inspiring!

Reticella work, carrickmacross lace, princess lace, and other traditional techniques developed by lace-makers in Ireland, England, Spain, and other countries resulted in finished pieces of unrivaled beauty that continue to inspire needlecrafters. Now needleworkers can learn to make exquisite lace and net embroidery in styles that originated in the centuries-old lace-making centers of Europe. This volume is a classic guide to the single-thread-and-needle styles of lace-making: complete instructions and clear stitch diagrams explain how to make both needle-run and needlepoint laces. In sections of their own, tatting and Irish crochet receive the same clear treatment. Even the fascinating history of lace-making is covered in some detail, and excellent advice on the care of lace is given in conclusion. With this versatile sourcebook for reference, you, too, can create the special pieces of a lifetime: bridal veils, elegant gowns, shirts and blouses, shawls, scarves, curtains, table and bed linens. Among the lovely lace and net embroidery designs in this easy-to-follow guide, you'll find geometrics, florals, sprays, lovers' knots and other pattern classics. The lace-making art is not lost, just waiting to be rediscovered in this wonderful volume and revived in your capable hands.
