Manchester School of Embroidery : Needlecraft Practical Journal #24 c.1902 - Hairpin Lace Crochet before purchasing it in order to gage whether or not it would be worth my time, and all praised Needlecraft Practical Journal #24 c.1902 - Hairpin Lace Crochet:

2 of 3 people found the following review helpful. REVIEWBy JCIT'S NOT EXACTLY WHAT I THOUGHT (NOT FULL OF HAIRPIN LACE PATTERNS WITH A DETAILED SET OF INSTRUCTION) BUT IT WAS FOR MY SISTER AND SHE LIKED IT OVERALL.

15 Pages. Hairpin Crochet is a simple technique to master that has fallen in and out of popularity for well over a century. The work is constructed simply, using a thread, crochet hook and a U-shape Hairpin Fork. The results work up very fast and provide nearly instant gratification. The patterns provided in this book are like no other, ranging from simple items such as edgings, insertions and fringes. There are also more challenging projects including lovely lace collars, edgings for doilies and other assorted laces. This is fascinating work!REPRODUCTION
