Manchester School of Embroidery : Needlecraft Practical Journal #80 c.1909 - Irish Crochet Lace before purchasing it in order to gauge whether or not it would be worth my time, and all praised Needlecraft Practical Journal #80 c.1909 - Irish Crochet Lace:

2 of 2 people found the following review helpful. I just need to learn to crochet...By PrimmersIve RoseVintage Reproductions have made a lovely quality facsimile copy of an Edwardian era crochet booklet. The copy is presented in a decent quality spiral bound file, was posted quickly after my order and came with a useful crochet hook and knitting needle conversion chart. Plus a couple of blank pages for notes and the advert pages to give a flavour of the times. I am very pleased with my purchase.0 of 0 people found the following review helpful. Great antique pattern bookBy Helen CrosslandI really love this book and have been busy making the motifs . If you love the vintage patterns , then this book is a must . I only have to remember that the stitches are written different than the United States stitches .

15 Pages. Of all the Irish crochet books in the Needlecraft series, this has to be the best of the lot. The cover design for the lovely blouse yoke is but a taste of things to come. Also included is a pattern for beautiful theatre bag, a "V" shaped plastron, a handsome Van Dyke edging, a gorgeous gauntlet sleeve (and a matching edging) in Bb Lace and a lovely openwork rose collar with matching cuffs. This is a book for the Irish Crochet connoisseur! REPRODUCTION
