One of the 12 blocks is a coffee/tea cup.....which I don't consider a notion. Probably wouldn't buy again.1 of 1 people found the following review helpful. Excellent instructions. Fun to make.By CustomerI'm perhaps an advanced beginner quilter, who was looking for a fun paper pieced project. This was it. The directions were very clear with tips that helped me avoid beginner errors that I kind of expect to make. The pieces went together quickly, so I could start one design and complete it in one session, giving me that immediate satisfaction

that large projects sometimes take months to achieve. Many examples given how to join the individual pieces and finishing choices. They were just fun to make. 13 of 14 people found the following review helpful. You've Got to See This One! By Lichen This is one of the CUTEST paper-piecing pattern books I've seen in a long time.
