Like another reviewer noted, the designs were old and the photos and directions were subpar. Also way over priced for the quality and quantity of designs.0 of 0 people found the following review helpful. Five StarsBy Gail HutchinsonBeautiful and unusual. Good instructions.1 of 1 people found the following review helpful. Not for beginnersBy Yolanda WilliamsI rated this a 3 star only because I found it a little more advance for me. Patterns where nice but would notsuggest a beginner new to Netting use it as a first choice.

This book is a practical guide for making over 30 necklaces, bracelets and earrings using netting stitch. It includes over 100 clear and descriptive diagrams, carefully detailing every step of the beading process.
