**Nicolas Estrada : New Earrings: 500+ Designs from Around the World** before purchasing it in order to gage whether or not it would be worth my time, and all praised New Earrings: 500+ Designs from Around the World:

0 of 0 people found the following review helpful. Yet another 500By J. WhiteThis is an interesting collection to look it but it would really be nice to know how to get in touch with these artists if I would like to purchase their work. As usual with all of these kinds of books I always wonder why so many jewelry artists are left out of these collections. One has to wonder what their criteria are for choosing the artists that make it in to the book and how many pieces they look at in order to make their choices.3 of 3 people found the following review helpful. Inspirational bookBy BlueMountainThe book is well printed. Photographs are beautiful, selected designs are inspirational.I love to go through a few pages during tea time to kill my time or for a simple enjoyment.1 of 1 people found the following review helpful. Not much worth buying the bookBy AlexaNeither the work, nor the quality of the photos and paper on which they are printed, hold a candle to the Lark series of books on Pendants, Necklaces, Earrings, etc.

The new trends in earring design and craftsmanship explored through myriad styles, forms, and concepts. A new wave of designers and artisans are creating earrings that push the boundaries of jewelry design. Drawing on unique sources of inspiration to incorporate symbol and meaning, they are redefining the earring as more than a mere ornamental piece. This book showcases a stunning collection of the innovative work of jewelry designers from around the world. The 500 earrings that are featured demonstrate the wide variety of techniques, practices, and resources—some traditional, some more avant-garde—used to execute these imaginative designs in a range of materials. 530 color illustrations.

Especially recommended for those whose collections focus on fashion, jewelry, and photography. - Library Journal  
Present[s] a wonderland of possibilities. - American Craft  
Absolutely glorious! - Woman Around Town  
Capitalizing on the popularity of the Lark Books 500 series, this book presents a similar range of artists, though with a better overall design presenting more wearable and less theoretical pieces. - American Society of Jewelry Historians  
About the Author  
Nicolas Estrada, a jewelry designer who lives in Barcelona, is the author of *New Rings*.
