**Leisure Arts : Nifty Knit Dishcloths (Leisure Arts #3122)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Nifty Knit Dishcloths (Leisure Arts #3122):

1 of 1 people found the following review helpful. Lovely Dishcloths, but Which One's Which? By Sonia P. Update: I found this book in a craft store. It was exactly like the one pictured here, complete with proper labeling of pictures and patterns. The book I received was not the same as this one - it had a different cover and no labels, although the patterns are the same. Mine was probably a different edition of the same book. No problem - I just labeled my book correctly and now I can see what I'm doing! Good selection of patterns with clear instructions. Some patterns are the same as in

Kitchen Bright Dishcloths (#3824). However, unlike that book, Nifty Knit Dishcloths does not label the dishcloth pictures according to pattern. The pics are nice, detailed, clear - but you have to figure out which one goes with which pattern. Pick a picture, try to figure out the pattern that goes with it, and you may or may not end up with the one you want. Most of the patterns are somewhat more complex than those in the Kitchen Bright Dishcloths, so beginning knitters may want to choose a different book.0 of 0 people found the following review helpful.
