Thank you!!Thank youThank you!!4 of 5 people found the following review helpful. Cable CrochetBy Kim LewisI really have enjoyed the patterns I have tried so far from this book. Cable Crochet is a little bit difficult and confusing, but the instructions are clear and the diagrams helpful. I have not been able to master all of it - definitely for advanced needleworkers only.4 of 4 people found the following review helpful. Five Great crochet projects with both scarf and hat patterns directions are for use with worsted weight yarn (4)By iiiireaderI like to get a head start on holiday gifts that I make by hand. I was looking for some patterns which I could use worsted weight (4) yarn with as I have a lot of that in my stash. These projects are set up for exactly that weight of yarn and for using a single color. The stitch work will stand out much better in one color than in a multicolor project. There are five unique looks to these projects and I am having a lot of fun making them. The stitch work is what

I would call advanced beginner and could be a good way for a beginner to take a step forward in their skill level. The projects are: basket weave, woven stitch, two stitch, fisherman, and braided. Each have a matching scarf and hat. The instructions are all written in crochet as there are no graphs/charts included. That works for me as I learned crochet through written instructions but if you are looking for the visual chart, this may not be a book that you will want to pick up. The crochet terminology is all US-based but there is a conversion chart to international crochet as well. The yarns used are listed in the back of the book and are yarn lines that are easily and readily available.

Noggins and Necks (Leisure Arts #4975) by Bonnie Barker features 5 stunning hat and scarf sets that can be crocheted in a weekend or less. Bonnie says, "My best friend's mom taught me to read fisherman crochet patterns from a Leisure Arts book. I based some of these new designs on that richly textured style, while all 5 sets are closely worked for warmth. They finish quickly and make beautiful gifts." All made using medium weight yarn, the 5 hat and scarf sets are named Basket Weave, Woven Stitch, Two Stitch, Fisherman, and Braided Hat and Scarf Set. All are for Easy skill level.
