Rita Pelczar, Trevor Cole : Northeast (SmartGarden Regional Guides) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Northeast (SmartGarden Regional Guides):

0 of 0 people found the following review helpful. Five Stars By William J. Moreno Excellent! 0 of 0 people found the following review helpful. I don't like how the book is arranged By Sarah So so. I don't like how the book is arranged. Not alphabetical order. Rather, arranged by planting situation or foliage color or flower color. I prefer references book that have the plants arranged in Alphabetical order and then include lists in the appendix. Also, many of the trees aren't photographed well. A decent book but I've used much better. 0 of 0 people found the following review helpful. and she loved it! I chose it over others because I ... By Lois This was a gift, and she loved it! I chose it over others because I really liked the 'personal' over the 'professional' presentations. Great intro, info and pictures.

A comprehensive guide to gardening in the Northeast -- includes Connecticut, Illinois, Indiana, Iowa, Maine, Massachusetts, Michigan, Minnesota, Missouri, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, Vermont and Wisconsin. Presenting a new way to think about gardening, the American Horticultural Society's

"smart gardening" program teaches gardeners how to their own preferences and time availability, assess the possibilities of a location, and then create a garden that is in tune with the environment. A coding system, assigned to each plant, uses hardiness and heat zones, sun/shade, water needs, and plant size to help determine the perfect plants for any site.
