Nancy E Schwab : Nuno Felting Mini-Projects Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Nuno Felting Mini-Projects Book:

1 of 1 people found the following review helpful. Only 38 pages!By Barbara ThompsonI was very disappointed in this book. I did not like the projects and felt that the book was grossly overpriced for only 38 pages. There are so many wonderful things that can be done with nuno felting, certainly more than ruffles and more ruffles. The author missed a huge opportunity to interest crafters and artists on this fascinating medium.0 of 0 people found the following review helpful. ebookBy ValThis book had some good information and demonstrated the projects well. I just didn't like references to needing another book to explain a technique in this one. That information should have been repeated within this one.0 of 0 people found the following review helpful. Good beginner resourceBy Louise SchubertThis book offers some fun projects to attract those who have little or no experience with Nuno felting. It is a good resource to have in the fiber art library.

Add incredible interest, texture and dimension to your nuno felt designs with quick and easy mini-projects from Nunofeltdesigns! Includes how to make an Infinity Loop Scarf, Ruffles, Mosaic Nuno Felt, and Felt Lace with a bonus chapter on how to make a Nuno Felted Bowl. Add in your own talent, skills and creativity and take your designs to a whole new level! This book is for nuno felters with a medium level of skills and experience and good familiarity with basic tools, supplies and techniques used to make nuno felt. Every mini-project in this book uses the same approach as the first book, Nuno Felting Tips Tricks.

About the Author Nancy E. Schwab has been creating and designing nuno felt for the last ten years in San Francisco. Her books are based on a daily blog that has hundreds of daily readers. Her focus is on how to nuno felt better and faster using the latest tools, materials and shortcuts based on some of the newest trends in this ever-changing, endlessly fascinating fiberart known as nuno felt!
