**Eeva-Liisa Kortelahti : Nyplattya pitsia =: Bobbin lace (Finnish Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Nyplattya pitsia =: Bobbin lace (Finnish Edition):

1 of 1 people found the following review helpful. Bobbin Lace by Eeva-Liisa KortelahtiBy Liz RobertsThe Finnish title is Nyplattya Pitsia (Bobbin Lace). The book has both English and Finnish Text. There are a lot of prickings/patterns and pictures for a variety of designs in small and large sizes, including some altar and religious laces. The beginning chapters describe basic information for the beginning bobbin lacer such as pillow types and techniques. Most of the prickings seem to give clear directions for working using lines and arrows. Most of the pictures are black and white, but there are some in color as well. The book I purchased was a used hard copy in very good condition.
