These just say Easter as they are so cute, elegant - but with a sense of fun. They are normal size stickers. I was looking for larger stickers but these were just too cute to pass up. Each design is intricate and very pretty. The paper quality is very good. It is so hard to find really well designed

stickers. These are also well priced and quite beautiful. They can be used to put on envelopes, make a decoration etc.. I am using to put on wooden eggs after I paint them to match my home. I am so happy I found these and will look for this brand in the future. 2 of 2 people found the following review helpful. Good Quality Stickers By USC Trojan Girl These are nice thick quality stickers. They are suitable to be used in any manner. I use mine on stationery products when I write greeting cards, letters and postcards. They would also work well in scrapbooking. The photos shown are very classic which makes these appealing to adults. These are very good to make up the \$25 free shipping if you purchase another item for \$24. Use them yourself or give as a gift to a child. This would make a cute Easter basket stuffer. 0 of 0 people found the following review helpful. old-time bunny rabbit stickers By Linda Davis These are real quite I always did buy my stickers from a store, but on I have found a lot of real nice ones the size is always perfect.

Loads of long-eared cottontails wearing top hats, popping out of eggs, offering floral bouquets and more for decorative projects the year round.
