Good Quality Stickers By USC Trojan Girl These are nice thick quality stickers. They are suitable to be used in any manner. I use mine on stationery products when I write greeting cards, letters and postcards.

They would also work well in scrapbooking. The photos shown are very classic which makes these appealing to adults. These are very good to make up the \$25 free shipping if you purchase another item for \$24. Use them yourself or give as a gift to a child. I am a dog-lover and these look very realistic. 0 of 0 people found the following review helpful. Maggie Kate (Dover) Dogs and Puppies Stickers By SashasMum I miss Maggie Kate's images of animals so the Old Time Dogs and Puppies is a great reminder. I wish the cat series would come back again. Charming stickers of mixed and pure bred canines. While these stickers were made to enhance children's lives, I use them to decorate cards, letters, and packages.

Victorians were fond of sentimental poses, and especially fond of dogs. It's no surprise, then, that dogs and puppies were favorite "sitters" for late 19th- and early-20th-century painters and illustrators. Here are twenty-nine appealing canine portraits from that era in a sticker collection dog lovers will find irresistible. Dogs of many different breeds terrier, bulldog, boxer, collie, dachshund, Pekingese, and St. Bernard among them are depicted in poses certain to melt hearts. Just peel and apply to any message or surface in need of a touch of old-fashioned cheer from man's best friend.
