I will be using them for an all Year Holiday scrapbook I am working on. The only reason I did not give 5 stars was the amount of stickers (which I understood for the price) and the white trim around some of them. They are still great and I will use them.0 of 0 people found the following review helpful. Weird

looking. Three year old wouldn't play with them ...By Eric LowenthalWeird looking. Three year old wouldn't play with them. Said they were scary.0 of 0 people found the following review helpful. Vintage and easily found on !By Lesley S.These took me back to when I was a small child in the 80's and I cannot believe I was able to find them again! These were perfect for the Easter cards I sent to my friends and family.

Ducks in Easter finery, a rabbit in a high hat, a chick emerging from an Easter egg all are included in this treasury of 27 full-color stickers that's perfect for adding a touch of antique holiday charm to gifts, stationery, and more. Just peel and apply.
