Really PrettyBy McOlivetoVery vibrant colors and loved that they featured many lesser seen butterflies but these do not have a very strong adhesive. Seems to stick just fine to regular plain writing paper, but that is about it. Bought these to stick on goodie bags for my daughters birthday party and they were peeling all around the edges. The bags were basic paper bags with a light coating that my children or I have decorated with stickers many times. This was the first time we encountered any issues.7 of 7 people found the following review helpful. not bad!By
