**Tanya Kasim : Oliver and the Spinning Cats** before purchasing it in order to gage whether or not it would be worth my time, and all praised Oliver and the Spinning Cats:

0 of 0 people found the following review helpful. A dynamically heartfelt story, great gift, my god daughter loved it! By NH MarkA deliberate and well crafted story, with some mischief trodden kitties as they befriend a small family dog. I thought this would be a great gift for my five year old god daughter. She has several cats and dogs in her home, many of whom are active participants in her imagination. One of the assets of the book, is it complements a child's

inquisitive nature, and challenges ones notion of choice; should I do what is right, or simply what is easy? I was very impressed, and look forward to more from this author.0 of 0 people found the following review helpful. My nieces loved the book very much.By B. KeilaniMy nieces loved the story and the pictures very much. It's a very cute book and showing the love that can exist between a dog and cats. The main idea of the book is the friendship between Oliver and the cats. I do know the author. My sister and my nieces don't, and they enjoyed the book, and I love the stories around Oliver and the cats as I love cats and dogs. The author is a very nice person who is an animal lover and Oliver is a wonderful dog who is loved by the cats as far as I know.
