Liesl Gibson : Oliver + S Building Block Dress: A Sewing Pattern Alteration Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Oliver + S Building Block Dress: A Sewing Pattern Alteration Guide:

21 of 22 people found the following review helpful. EmpoweringBy Purple YoI agree with all of the other reviewers - this book is incredibly useful. It includes a pattern for the dress shown on the cover, and then teaches you how to alter this pattern to make basically any look you want. I bought this book because my daughter wanted to be Rainbow Brite for Halloween and I wasn't willing to spend \$50 for a vintage pattern on ebay. I used the techniques in the book to make Rainbow Brite's gathered long sleeves, square neckline, and flared skirt. There were still things I had to figure out on my own but I would not have even known where to begin without the basic pattern pieces I was able to make using Liesl's instructions. Now that Rainbow Brite is done, my daughters are having fun browsing through the pictures and imagining what we can make next. The techniques outlined in this book for altering pattern pieces give you a solid

understanding of how to manipulate the shape of fabric for different outcomes and this knowledge can be applied to any pattern, so I really feel empowered as a self-taught seamstress that I can make almost whatever I want using this book. 2 of 2 people found the following review helpful. This book is fantastic! It shows you how to change a dress ...By Melyfu This book is fantastic! It shows you how to change a dress so that you and your child love it. Don't like short sleeves? It shows you how to make longer sleeves. It gives you an overview on the different possibilities of sleeves, skirts, bodices.... 1 of 1 people found the following review helpful. Best investment in sewing I've made all year. By Reader No longer buying various sewing patterns for my seven granddaughters. I just find pictures of cute dresses and then using the Building Blocks recreate the picture. To buy one book that is chock full of wonderful ideas and patterns is well worth the initial investment.

Silver Winner, 2016 Benjamin Franklin Award in Craft Hobby Imagine it. Make it! You don't need to be a designer or pattern maker to create and sew the dress of your dreams. Let Liesl Gibson teach you how to alter the elements of a pattern to make exactly the dress you imagine. With the included Building Block Dress pattern (sizes 6m12) and Liesl's detailed pattern alternation instructions, you'll learn how to create almost any dress you can imagine. Use the skills you learn in this book to customize other patterns as well. With these techniques, you'll look at sewing patterns as just the starting point for your creative expression. Featuring inspiring photographs of eighteen different dress styles made with the techniques presented here, the book includes a full-size pattern sheet for the basic Building Block Dress.

The book is so well written, not that I would expect anything less from Liesl and Oliver + S, but I feel it will become a very valuable tool in any sewing library whether you sew for a little girl or yourself. Britney Laidlaw, blogger, Sewing for Four (Plus One!)
