Ode to ArtyarnsBy Fairbanks Reader - Bonnie BrodyThis delightful book published by Lark is filled to the brim with wonderful hat patterns, many of which I'd like to knit. All of the patterns can be knit with two skeins of yarn.The book is divided into sections: Simple Stitches, Lace, Stranded Colorwork and Slip Stitch, Cable and Bobbles, Side-to-Side and Bias, and Double Knit.Dotson Hat is knit with Artyarns Supermerino and is easy to knit up. Eleganza has a real flair and is also to knit. It utilizes the same yarn as the previous hat. The Drawstring Hat with a Little Splash is knit with Artyarns Silk Rhapsody and is in a lace pattern. The Swirl Hat is also lace and is knit with Artyarns Cashmere Glitter. The Bobble Hat is whimsical and unusual, certainly one I want to knit up soon. It is knit with Artyarns Supermerino yarn.I could go on and on. The gist of the book is that it is an ode to the wondrous possibilities of Artyarns with hats designed by different designers. It is a great book, especially for those who have knit hats previously.0 of 0 people found the following review helpful. Great stylesBy BetsyGreat styles have not made any yet but sure look good. I do think you can't be a beginner knitter for this book. I like to watch tv and knit but don't think it would be wise for me with most of the patterns here. But I am not a fast or great knitter so I will need to focus.1 of 1 people found the following review helpful. I am interested to know if there have been any ...By MernieI am interested to know if there have been any corrections published for this book. The instructions for Ear Flap Hat designed by Lynn M. Wilson, Round 9 of brim are to knit and increase. That doesn't

match the picture. There would then be two rows of knitting in a garter stitch pattern. Is that correct? I am in the process of knitting the hat for the second time. The first time I changed that round to a purl row. Certainly curious to me and I am a seasoned knitter..

Knitters love to make hats--and *One + One: Hats*, the second book in Iris Schreier's exciting new series, gives them a stunning array of fashionable, functional, and beautiful projects. Best of all, each one uses only two skeins of yarn! The hats come in a broad range of colors and textures, and Schreier explores a variety of knitting techniques, from knit and purl to lace; stranded colorwork and slip stitch; and double knit.
