Good information for the tropics.By Joseph BowersmithThe only book I have found with good orchid growing information for people living in the tropics. I find it very useful living in Central America.0 of 0 people found the following review helpful. Book "Orchid Growing In The Tropics"By Bruce

Dave loved the book, it was just what I was hoping for. It was really good condition even though it was listed as second hand and arrived within the timeline I was given. No problems. Great. Just what I wanted. 0 of 0 people found the following review helpful. The book for anyone interested in the subject. By CustomerComplete well illustrated accurate easy to follow. an excellent book for those who grow orchids in the tropics.

In spite of the title, we have been told by experienced orchid growers in the U.S. that this little handbook is useful for growing orchids indoors anywhere in the world. It is beautifully illustrated and full of practical information on orchid culture and propagation.
