I have to admit they are indeed beautiful and nice to look at. Plus they bring color and life to a room. Jessica's book is definitely a must have for those who have a green thumb and want to be able to grow orchids. The book is educational, well written and very easy to understand.0 of 0 people found the following review helpful. Orchid lover!By RJI adore orchids. They have such nice colors and I want to have my own orchid plantation the soonest in our new home. This book has helpful information on how to take care of different kind of orchids. For example it needs to have proper temperature,humidity,ventilation, etc. These helpful tips can be found in this book. Maybe someday I will have my own Orchid business. Thanks to this book :)1 of 1 people found the following review helpful. Too short for \$2.99 , not good guideBy TN MomBook ok but Could of found this limited information free elsewhere. Not very detailed. No illustrations which would have helped...ie. healthy vs sick plant, etc.....
