Paperback is more of a pamphlet than a book, definitely not worth \$10. Information is very brief and simplistic. After flipping through it for about 5 minutes I tossed it into the recycle bin. 1 of 1 people found the following review helpful. Love this Gardening Idea By Vikk Simmons If you like gardening, you will find useful tips on the correct way to plant your herbs that will make them stronger. I'm a sucker for any book on gardening and I love infused oils, so this is a natural for me. There is a recipe I can't wait to make. 1 of 1 people found the following review helpful. lots of practical info By Carlen Hultgren Great informational book. Straight forward, easy to follow and understand. Very thorough section on the common herbs would give even a beginner the confidence to try herb gardening at home.
