5 of 11 people found the following review helpful. some bugsBy Loesje ShemaThis is a great book, but there are bugs. At location 247 on the kindle it shows sanbo 1 instead of the freindship dove part two. Also it skips steps. For example it will say 15.fold here 20.fold there.3 of 9 people found the following review helpful. "GREAT" all around sellerBy

Renee A. Nelson This dealer is very reliable and fast. Will gladly use again. You helped make a very enjoyable Christmas for our grand child. Thankyou

I'm a teacher and I like to include Origami in several of my arts crafts activities. This book makes it easy for the students to understand. It gives them great pleasure to make something in 3-D out of a flat piece of paper. You can see it on their faces. Yes, I would recommend it to other teachers.

A simple, elegant guide to making origami. From playful animals to delicate flowers and fun paper airplanes, this origami guide has projects that will delight both children and adults. With words, illustrations, and more than three hundred photographs, even the most complicated of folds and manipulations are made simple by this book's easy-to-follow instructions. Master Norio Torimoto, with the help of Yukiko Duke, takes the mystery out of the art of paper folding by teaching readers the proper mindset behind the art and the basic formations that are the foundation for all his projects. Projects include: Traditional tulip Crane Frog Lily Elephant Tyrannosaurus rex Envelope with a decorative heart and more!
