Not what I had expected.By becky l brownI was frustrated with many of the folding diagrams that left me "assuming," when the author should have included an extra diagram or written instruction. I donated the book to the local library; someone else will enjoy the folding patterns.1 of 1 people found the following review helpful. Elegant designBy M. LafosseThis collection of origami animal designs is exemplary of what good origami design should be:few to no wasted folds; enjoyable folding sequences; style.
