John Montroll : Origami Birds (Dover Origami Papercraft) before purchasing it in order to gage whether or not it would be worth my time, and all praised Origami Birds (Dover Origami Papercraft):

Thirty-four original models by an origami expert feature illustrated directions for creating a fabulous array of avian creatures. Ranging in difficulty from intermediate to complex, the figures include a hen, chick, and rooster; waterfowl such as a duck, heron, and swan; and other wild and domesticated birds. Internationally renowned author John Montroll has significantly increased the origami repertoire with his original designs. Best known as the inspiration behind the single-square, no-cuts, no-glue approach, the American origami master offers readers meticulously

developed folding sequences that allow them to create better models with fewer steps.
