13 of 13 people found the following review helpful. Fantastic application of OrigamiBy Andrew DavidsonI wasn't sure what to expect from this book but it is surprisingly thorough and greatly illustrated with step by step directions for

not only building your own origami bonsai sculptures but also how to care for and ship them as gifts or to customers as you choose. It's one of the coolest books I've read on origami that provides a PRACTICAL application that melds two crafts together. There are advanced topics on scaling, selecting props and accessories and more. I love this book and highly recommend it to others. 0 of 0 people found the following review helpful. A wonderful book well worth every cent of its cost. By Chuck What a beautiful book. It's hard to say which book I love more. "Origami Ikebana" or this one. The directions are clear and concise. The book itself is printed on high quality paper and has beautiful photographs and illustrations. Mr. Coleman is a generous writer who shares years of experience with those of us new to this art form. I thank my Dear One for giving both books to me as a gift every time I read them. Hunter 0 of 0 people found the following review helpful. Good, Not Great By Paul David Adamick I taught origami many years. This book is not quite easy for someone who is new to folding paper. I like it and will follow some parts. Other parts, not.

Fold beautiful origami flowers then arrange them into stunning bonsai sculptures with this wonderful origami book. Origami Bonsai makes it possible for paper folders at every level to create unique botanical sculptures at home by folding delicate paper flowers and leaves and attaching them to natural branches. This easy origami book contains: Multi-color photos and drawings Step-by-step instructions Explanations of dozens of folding techniques A 3 hour instructional DVD It also shows you how to select natural twigs, branches, and stones and how to assemble them into a lifelike finished origami sculpture. To help in the creation process the book contains detailed instructions and numerous photographs of both works in process and completed origami bonsai pieces that are sure to have you crating your own decorative origami art in no time. Origami flower projects include: The Ficus Leaf The Berlin Poplar Leaf The Black Eyed Susan The Foxglove The Buttercup And many more

"Always wanted to make a bonsai, finally could make [it] when I happen to lay my hands on wonderful Origami Bonsai Kit by Tuttle Publishing, which contains detailed simple instructions [and] clear photo diagrams, a DVD with awesome video instructions for each model by the creator himself and also the paper required. The kit is just awesome." Origami Love blog "the greatest savings of time and energy for the beginning origamist is provided by the vari-colored folding papers contained in the kit, along with Mr. Coleman's effective instructions in folding. His 'glow-fold' technique simplifies the learning process for the beginner, reducing trial and error." Examiner.com "I love to be able to recommend the best for my readers, and Benjamin's unique talent of merging two Japanese art forms- origami and bonsai, creates an exciting new form of paper art! This unique book "kit" will teach you the art step-by-step with simple illustrated tutorials, and even a DVD to help you along! You can create beautiful delicate paper flowers and leaves and essentially create your own unique paper bonsai!" Suzy's Artsy-Craftsy Sitcom blog "I've purchased a few origami flower kits in the past and the paper with this kit is by far the best suited for creating lifelike flowers." About.com Origami "Origami Bonsai is lovely, as are all of Ben's books, instructional DVDs, and paper creations." Ann Martin, author of All Things Paper "I can't wait to make more of these origami bonsai sculptures as center pieces for our Thanksgiving dinner and for holiday decorations. Perhaps I could also give them out as holiday gifts. I think this kit itself makes a great holiday gift to people who loves craft projects as well!" Yuki's Origami Blog "With the holidays approaching, folding an origami bonsai would be more thoughtful than spending hours at the mall or online. Highly recommend!" Cindy Ng, Origami Blog "This origami kit from Tuttle Publishing contains several tools to teach you how to make unbelievable floral designs and sculptures." Dana Byerwalter, All Free Paper Crafts blog About the Author Benjamin John Coleman left his teaching career in 1996 and made the creation of origami bonsai a new way of life. Benjamin's revolutionary approach to the art inspires his continued creation of origami bonsai botanical sculptures. Benjamin lives in Pawtucket, RI.
