Chronicle Books offers a craft pad that come with directions to fold simple animal shapes such as frogs, carp, ducks, ponies. The paper included is really gorgeous and I would love to buy additional paper. The pad is rectangular to accommodate the instructions but the origami paper pages underneath the instructions are perforated so the paper is square.I bought this for myself to take during a business trip but liked it so much I picked up another one for my nieces. A great set!

Including 75 colorful sheets of origami paper and illustrated instructions for making 25 projects, this craft pad is sure toinspire hours of folding fun!
