Not a bad book, even for an on-again-off-again enthusiast By michael bloomquist Great price, great intermediate level projects. 0 of 0 people found the following review helpful. Five Stars By David Thanks for a fun book!

In the early heydays of the second revolution of origami Tom Stamm, a devoted fan and practitioner of origami design, went through a rich period of exploration and creativity in the development of origami Dragons. Including his wonderful Sea Serpent Dragon and Multi-Piece Sea Serpent as well as 3 wonderful Flapping Dragon variations. For the first time the most memorable of these are published here with loving re-diagramming as well as two small works of my own which were inspired during the redesign. I loved these models as a kid and am thrilled to be a part of

making them available again. JC Nolan
